## INTERNATIONAL WORKSHOP

# Disinfection and foodborne zoonoses: a whole food chain approach

5<sup>th</sup> – 6<sup>th</sup> March 2019

Location: APHA Weybridge, UK

**Workshop aim:** to bring together a group of international experts in the field of disinfection and biocides across the whole food chain, to discuss best practice, emerging threats, solutions and biosecurity. The focus will be on how disinfectants and biocides can best be used to tackle foodborne zoonoses at the farm, during slaughter, during processing and beyond.

For more information and to register please contact:  
[chris.nichols@apha.gov.uk](mailto:chris.nichols@apha.gov.uk)

**Deadline for registration:**  
31<sup>st</sup> January 2019

The workshop is free of charge and will run lunchtime to lunchtime to allow travel time for delegates. For one representative from each of the 15 MVNA member institutes we can offer: hotel accommodation (including breakfast) for the 5<sup>th</sup> March and transfer to/from the venue/hotel/airport (delegates are kindly asked to cover their own plane or train travel to the workshop). Representatives are welcome and encouraged to bring an additional delegate from their institute to the workshop, however we will be unable to cover the additional delegate's accommodation. Lunches and an evening meal will be provided free of charge for all attendees.
